

BmoreSTEM Organizational Structure

Advisory Board

The BmoreSTEM Advisory Board establishes buy-in, top-level industry and philanthropic support, and develops strategies for sustainability.

Leadership Team

The BmoreSTEM Leadership Team organizes the Working Groups, synthesizes feedback, and sets ecosystem priorities.

Working Groups

As set by the Leadership Team, a collection of voluntary working groups will research and provide recommendations around key ecosystem focus areas (i.e. K-8 computer science, aligning formal informal STEM PD, etc.).

Network Ambassadors

Network Ambassadors are educators, professionals, and advocates that remain involved in the ecosystem design and implementation process.
